

TWO ENTHUSIASTIC MEETINGS ARE HELD

Committee of Ten Named To Direct Campaign—Meetings Sunday, 3 P. M.

There were two enthusiastic law enforcement meetings held in Dickson last Sunday afternoon. The one at the M. E. Church was exclusively for men, while the gathering at the Baptist Church was attended only by women.

There were several strong and vigorous speeches made at both gatherings condemning the disrespect for law in Dickson and Dickson County.

At the men's meeting, a committee composed of ten of the best citizens of Dickson was named, and this committee was authorized to formulate plans in favor of law enforcement and to lead the work to make Dickson a better town.

There will be another meeting for the men held at the M. E. Church next Sunday afternoon at three o'clock, and the women of the town are invited to meet at the same hour at the Baptist Church. The leaders of this movement advise us that all citizens who want Dickson to be a better town to be sure and attend these meetings.

Men's Bible Class Give An Enjoyable Banquet

On last Friday evening the Men's Bible Class of the Methodist Episcopal Church, South, had a well attended banquet in the Miller building on Main Street.

This class has grown from a small class in the early Spring to one now numbering sixty-seven. Not having room in the main auditorium of the church, the class purchased a tent, in which the lesson period is spent. This tent is situated by the side of the church, and is well adapted to such work, where the men come with their coats off and are comfortable. The goal now is to reach the hundred mark, when they will give another banquet to their members. Every man in or near Dickson who is not now in some Sunday School is invited to come and learn more of the One Book. The pastor, Rev. John Durrett, is the teacher.

Mr. W. H. Fitzgerald of Nashville was a guest of the banquet, and gave an interesting after-dinner talk along Sunday School work and civic righteousness to the large number of men present. Several in the class also spoke very helpfully concerning the work of the class. The menu consisted of ham sandwiches, pie, coffee, ice cream, etc.

This is a new departure in our town, and is very commendable, as it brings men closer together in a social and religious way and thus encourages men in living a higher and cleaner life, and helps to turn their energies into a good channel.

The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables; also establish a regular habit, and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.—adv.

ONE SPOONFUL GIVES ASTONISHING RESULTS

Dickson residents are astonished at the QUICK results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy acts on BOTH upper and lower bowel, and is so THOROUGH a bowel cleanser that it is used successfully in appendicitis. ONE SPOONFUL of Adler-i-ka relieves almost ANY CASE of constipation, sour or gassy stomach, ONE MINUTE after you take it, the gasses rumble and pass out.—CLE MORE PHARMACY.

An Egg in An Egg.

There is an egg on exhibition at the store of J. M. Gossett that is a marvel to all who have seen it. The egg was laid by a hen belonging to Mrs. A. D. English of this place, and weighed 6 $\frac{1}{2}$ oz., a fraction more than what three ordinary hen eggs weigh. It measured 9 $\frac{1}{2}$ inches around the long way and 7 $\frac{1}{2}$ inches the other. When the shell was broken it was discovered that a perfect normal size egg was inside of this large shell, which also had a perfect yolk and white.

Since this old hen has laid this two-in-one egg, Mr. English has been guarding her with all the care possible, and says if she will only continue laying these twin eggs he will soon be worth a million.

A Card.

To the Voters of Dickson County:

I take this means of thanking my many friends who stood by me so loyally in my race and election for Trustee of the county. Words fail to serve me in expressing my great appreciation of the support given me; and would say to those who saw fit to oppose me, I have no ill feeling toward them. I assure you all that I will devote my whole time in fulfilling the one promise to all, that of efficient service. I also want to thank the good women and children, who made their homes so pleasant to me during my campaign.

Thanking you again, I am yours for service.

Art Class.

Miss Maggie Young will begin an Art Class at the Dickson High School the 4th of September, the Lord willing. Terms, \$4.00 per month.

A Live Message.

To the Voters of Dickson County:

In my candidacy for the Legislature, I have tried to be open and frank to the people on all questions. When I announced for the Legislature in the spring and published my platform, Judge W. R. Hudson made the boast that he would run me out of the race or defeat me. He has been trying to make me quit the race by threats, and as he could not do this he is now trying his best to defeat me. I am informed that the man he has selected is Mr. R. L. Leech of Dickson, and in this selection Judge Hudson from his own standpoint has acted wisely. Mr. Leech when a member of the State Senate in 1901 was the man who had the law enacted creating the office of County Judge in Dickson County. Before that time the Magistrates selected a Chairman of the County Court. The Chairman was selected yearly, and if he failed to do his duty he could only serve one year. Mr. Leech made the County Judge's salary twice as much to start with as the County Chairman was getting. Ten years later when Judge Hudson's brother was a member of the Legislature, this brother had Judge Hudson's salary increased \$350 more, which made the county pay Judge Hudson.

ALL PLATFORMS TO HAVE SAFETY LINE

The Public Urged to Assist the N., C. & St. L. in Its Safety Campaign.

In accordance with recommendations of the central safety committee of the N., C. & St. L. Railway, the management has just issued instructions that a "safety line" be painted on all station platforms. The public will be asked to co-operate with the road in its safety campaign.

These lines will be painted in yellow (the caution color) and will be placed six feet from the nearest rail. It is the purpose of the company in placing these lines on platforms to protect the public from possible accidents as trains pull into stations. Instances have been reported where baggage and express trucks have shifted and have been struck by incoming locomotives, and with a platform crowded with passengers such an accident might result in serious injury unless the passengers were back a safe distance.

The safety line will be three inches wide and stenciled at intervals of from ten to twenty feet will be words, "safety line." The N., C. & St. L. Railway, through its safety department, is seeking to reduce to a minimum all avoidable accidents, and the management believes that with the proper co-operation on the part of the public the placing of the "safety line" on platforms will prevent accidents at stations.

If you have any copying, such as business and circular letters, business forms, etc., that you want done with absolute satisfaction, and at a reasonable price, "phone" or see

Fall Term Opens Tuesday, Sept. 5

Some points to be noticed:

- (1)—The courses are thorough, practical and complete and prepare for college or for life work.
- (2)—The school is not a mixture of public school and training school. All pupils are on the same basis and get the same attention.
- (3)—The classes are small and pupils get the advantage of individual instruction.
- (4)—Expenses: Tuition rates, \$50 per year of ten months until forty pupils enroll. After that, the tuition is \$60 per year. Board costs less than \$100 per year of ten months. Write for catalog.
